

Congress of the United States
House of Representatives
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Phase 2: Road, Utility, and Drainage Improvements and Extension of South Persimmon and Timkin Street project in Fiscal Year 2026. The entity to receive funding for this project is the City of Tomball, TX, located at 401 Market St., Tomball, TX, 77375. The funding would be used for the construction of necessary infrastructure to build and improve the intersection of FM2920, S. Persimmon Rd., and Timkin St. The project is an appropriate use of taxpayer funds because it promotes and enhances public safety and traffic efficiency at high traffic intersections, in one of the fastest growing cities in America.

The project has a federal nexus because the funding provided is for purposes authorized by 42 U.S.C. 5305(a)(4).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Wesley P. Hunt

Member of Congress
