The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Schiel Road Stormwater Detention Basin project in Fiscal Year 2027. The entity to receive funding for this project is Harris County Flood Control District located at 9900 Northwest Freeway, Houston, TX 77092. The funding would be used for grading and excavation work of approximately 35,000 feet of channel modifications and the development of nine detention basins. The project is an appropriate use of taxpayer funds because once completed, the Schiel Stormwater Detention Basin will be the largest within the Little Cypress Creek Frontier Program, with an ultimate storage capacity exceeding 7,000 acre-feet, potentially making it the largest basin in Harris County.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Wesley P. Hunt
Member of Congress
