

I am honored to share an update with you on the last few weeks of the 118th Congress.

There is NO Continuing Resolution to save the AMERICAN DREAM.

America's debt is economic insanity. It's time to save the American Dream

We cannot condemn our children and grandchildren to a lifetime of misery. We have the courage to tackle our growing debt

OPINION

By **Wesley Hunt** · Fox News

It's become clear to me that if Congress does not rein in spending, move towards a more balanced budget, and adopt a tradition of single subject spending bills, then your children and mine will be condemned to a lifetime of inflation, debt, and economic ruin.

The Co-Chairs' of the Bipartisan Congressional Caucus on Black-Jewish Relations Released a Statement on the Terrorist Attacks in Israel

WASHINGTON – Today, **Congresswoman Nikema Williams (GA-05), Congresswoman Debbie Wasserman Schultz (FL-25), and Congressman Wesley Hunt (TX-38), co-chairs of the Bipartisan Congressional Caucus on Black-Jewish Relations** issued the following statement on the terrorist attacks in Israel.

The co-chairs said:

"As co-chairs of the Congressional Caucus on Black-Jewish Relations, we condemn in the strongest possible terms the brazen Hamas attack on Israel. Israel has the unequivocal right to defend itself and its people. We stand with Israel and our hearts go out to the families and communities affected by the senseless acts of terrorism and hope to see a swift and safe return of those held hostage. The bond between the United States and Israel is, and will always be, ironclad.

Additionally, while we have no indication of specific domestic Anti-Semitic threats related to the recent terrorist attacks in Israel, if the past is a guide for the future, the coming days could be a precarious time for the American Jewish community. We call on the U.S. Government, particularly its law enforcement agencies, to take swift concrete steps to protect our communities."

**I Exposed the Hypocrisy of our Immigration Laws during a House
Natural Resources Committee Hearing**

Joe Biden is fast tracking the lease of federal land for his illegal immigrant camps. Welcome to the United States of Lawlessness, where even Democrats are outraged by Democratic policies.

I Chaired the 'Rural Development, Energy, and Supply Chains'
Subcommittee to help alleviate Energy Producers

I had the pleasure of speaking with the witnesses and getting their perspective on the importance of affordable and reliable energy. Meanwhile, this administration is doing everything in their power to fast track our country into energy-poverty. These “green and clean” policies are only making it harder for small producers to compete.

I had the honor of introducing a Bipartisan Bill, that I co-led; that passed the Judiciary Committee for mark-up

The Debbie Smith Act has already matched nearly 200,000 DNA cases since 2005, and with this reauthorization, Congress will be able to continue supporting our brave men and women in Law Enforcement and the victims of sexual assault and homicide. It is time to put an end to the backlog of untested and unanalyzed DNA evidence and hold perpetrators accountable.

I had the Pleasure of Joining Rep. Mark Alford on his Show

On this episode of Congressman Alford's Show, I discussed my military service, the Biden Border Crisis, and why I decided to run for United States Congress.

Statement on Recent Attacks on Israel

Rep. Wesley Hunt Press Office

@RepWPH

Israel is under attack.

The war now unfolding on the ground in Israel is a direct result of Biden's weakness and the continued policy of appeasement with terrorists and state sponsors of terror (like the \$6 billion Biden just handed over to Iran).

I condemn this barbaric attack on our friend and ally. I am monitoring the escalating invasion and my office stands ready to provide assistance and support wherever necessary.

Emily and I are praying for the victims and for the safety and security of every Israeli on the ground.

Let me be clear, the United States stands with Israel and we must reverse the policies of this administration that cater to Palestinian terrorists and state sponsors of terror worldwide.

The world is less safe when evil smells weakness.
